Training and Development Manager
Global Medical Response

Scan to Register:

Objectives:

At the conclusion of this course, attendees will be able to:

1. *To understand the common obstetric emergencies encountered by prehospital providers and their impact on maternal and fetal outcomes.*
2. *To recognize the signs and symptoms of obstetric emergencies, allowing for early identification and appropriate management in the prehospital setting.*
3. *To differentiate between the prehospital and hospital management of obstetric emergencies, including initial stabilization measures and definitive care strategies.*
4. *To discuss the importance of adhering to treatment protocols and perform thorough reassessments when managing a patient with an obstetric emergency in the out-of-hospital setting.*

GMR Learning Presents
